Section C

3. Read the following passage carefully. Make notes on them and summarize them. Supply a title also : 6

Early rising lead to health and happiness. The man who rises late, can have little rest in the course of the day. Anyone who lies in bed late is compelled to work till late hours in evening. He has to go without morning exercise which is so necessary for his health. In spite of all his efforts, his work will not produce as good results as that of the early riser. The reason for this is that he cannot take advantage of refreshing hours in the morning. Some people say that the quiet hour of mid-night is best time for working. Several great writers say that they can write best only if they burn the midnight oil. Yet it is true that few man have a clear brain at midnight when body needs rest and sleep. Those who work at that time soon ruin their health. Bad health must, in the long run, have a bad effect on quality of their work.
